BOULEVARD SYSTEM

GLENDALE'S NEEDS IN THIS RESPECT SET FORTH TO CITY TRUSTEES

A brief reference is made in the report of the Trustees' meeting of last night to a communication presented by the city manager, outlining the city's needs in the way of a boulevard and street system. Brand Boulevard is spoken of as one of the city's greatest assets, a fine paved highway 120 feet wide, extending entirely through the city north and south. It has two defects, however, one at the north end and the other near the southern limits of the city. At the north end it should be extended in a sweeping westerly curve until merged in Kenneth road, thus giving a continuous drive through the city and out Burbank way. At the south, where one enters upon it from the southeast off of the San Fernando Road, the curve is too abrupt and that corner should be rounded off into a gentle curve by condemning vacant space there and deflecting the highway slightly.

And now is the time to plan for a new east and west boulevard, according to this report. It would be an extension of Monterey Road, formerly called Oakwood Avenue, westerly called Verdugo Road to Brand, where the west would be crossed on the new concrete bridges now being built, then proceeding west along the P. E.'s Burbank line to the northwesterly city limits in the Grandview district, where it would merge into Fourth Street, Burbank, which extends entirely through that city. (Continued on Page 3)

TRIPLE CELEBRATION

BIRTHDAYS OF MESSMAMES R. D. GOSS, A. L. BRYANT AND JANE MOSHER HONORED

One of the pleasantest social affairs of the week took place Thursday at the home of Mr. and Mrs. R. D. Goss on East Harvard Street when three ladies whose birthdays occur the third week in January were guests of honor at a midday dinner party, the honorees being Mrs. R. D. Goss, Mrs. Jane Mosher of Hollywood and Mrs. A. L. Bryant. Violets and more violets constituted the floral decorations with which the board was beautified and covers were laid for Mrs. D. O. Frazeay of Marshalltown, Iowa, Mr. and Mrs. J. G. Walton of Butler, Mo., Mrs. Ida Kibbe of Hollywood, the host and hostess, Mr. and Mrs. R. D. Goss and Mrs. Jane Mosher.

A feature of the dinner was unusually beautiful birthday cake. In the afternoon following the feast, a number of friends of the honorees from Pasadena called to extend their congratulations.

FALSE FIRE ALARM

The big white engine and the firemen of Station No. 1 on Broadway responded yesterday shortly after noon to a call turned in by Mrs. Stodgill at 613 North Louise Street. It proved to be a false alarm and after examining the premises where the fire was supposed to be, the lads returned without having occasion to use their hose or chemicals.

STATE UNIVERSITY

U. OF C. CREDITED WITH BEING LARGEST INSTITUTION OF ITS KIND IN WORLD

Letters received from Marjorie Imler, written since her return to the State University at Berkeley, state that the enrollment of the university is now more than 10,000. She says that all of the classes are crowded.

The university of California is now said to be the largest in the world from the standpoint of enrollment. Before the war one of the German universities enjoyed that distinction. Columbia College in New York ranked next. But the attendance on the German university has materially fallen off and U. of C. has now surpassed Columbia.

While the people of California have the reputation of largely supporting higher education, the state institution is not dependent on Californians, as students come from all over the United States to attend it, the educational advantages and the mild climate of all parts of California inviting migration to this coast.

WEATHER FORECAST: Unsettled weather tonight and Saturday. Probable showers.

TREE PLANTING

NAPOLEON LE BLANC MAKES A PLEA FOR UNIFORMITY ON GLENDALE STREETS

Editor Glendale Evening News: J. C. Sherer, in his communication on street trees which appeared in your issue of the 15th inst., overlooked the mention of two very important points. First, the artistic and beautiful appearance of streets, with regularity of distance between the trees and sameness of kind on each street; second, in the beauty and attractiveness of trees which hold their green foliage the year around. How appealing they are to the eye of our Eastern tourists who visit us in winter!

Glendale is situated in a lovely spot and has many beautiful homes, but its streets are marred by the irregularity of street planting and the mixture of varieties on every street. While I would not advocate the removal of trees and replanting to secure uniformity, as Kansas City, Mo., did in the nineties, I would suggest the establishment of a rule for the future and the planting of the kinds adapted to each street. Then, when the young trees are well established, the unsightly old trees can be removed. Then, ten years hence, we will have a very much more beautiful city. Napoleon Le Blanc.

TRUSTEES' MEETING

ATTORNEY DIRECTED TO PREPARE INDUSTRIAL DISTRICT ORDINANCE FOR NEXT MEETING

The Board assembled at 7:50 p.m. January 22, 1919. All members were present. The minutes of the regular meeting of January 15, 1920, were read and approved.

Upon the call for oral communications, Mr. W. F. Towel brought to the attention of the Board the recent case of the boy who was wounded by a police officer in the city. He was informed by the chairman of the Board that the Trustees are making a thorough investigation of the matter, and will act in accordance with the facts.

The matter of the opening and widening of Los Feliz Road was then taken up. A number of citizens, taxpayers, and residents in the neighborhood immediately affected, were present. Maps of the proposed improvement were presented by the City Engineer and examined. On motion of Trustee Henry, this was referred to the Committee of the Whole.

An application was presented from the Standard Oil Company by H. L. Craig, for permit to install a gasoline station on the northwest corner of Kenwood Street and Broadway. On motion of Trustee Woodberry, the permit was granted.

In behalf of a joint committee from the Chamber of Commerce and the Greater Glendale Development Association, Mr. O. A. Lane addressed the Board in reference to the proposition made by Mr. J. R. Gray to sell land to the City for the purposes of a public park. Mr. Lane expressed the opinion of the bodies represented by the committee to the effect that the proposition is a very attractive one, and urging that the Trustees give it favorable consideration.

Mr. C. L. Chandler, also a member of the committee, addressed the Board on similar lines.

In this connection the City Manager presented copies of letters passing between Mr. Grey and himself, in regard to the project. On motion of Trustee Shaw the matter was referred to the City Attorney to prepare contract to be entered into if the Trustees finally decide to take such action, and present it to the Committee of the Whole.

The matter of an industrial district was then taken up and discussed at some length. On motion of Trustee Woodberry, the City Engineer was instructed to prepare a description of the proposed industrial district, and to furnish the City Attorney with a copy of the same, and the City Attorney was directed to prepare an ordinance covering the subject and present it at the next regular meeting of the Board.

A petition signed by C. A. Lessard and eleven other property owners was presented, asking that the Trustees institute proceedings for the improvement of Dayton Court with sidewalks and graded and oiled streets, of such street improvements as the City Trustees may approve. On motion of Trustee Shaw, the petition was referred to the City Engineer to report upon the amount of frontage represented in the petition.

HARRY S. NEW CASE CONTINUED

HEARING ON ARGUMENTS FOR NEW TRIAL ETC., POSTPONED UNTIL NEXT WEDNESDAY

(Special Service to Glendale Evening News)

LOS ANGELES, Jan. 23.—When Harry S. New came up for sentence today and argument on motion for new trial, the case was ordered continued until next Wednesday at the request of the district attorney.

FEAR BETRAYAL BY SENATOR LODGE

JOHNSON-BORAH GROUP CONCERNED ABOUT RUMORS OF COMPROMISE REACHED AT CONFERENCE

(Special Service to Glendale Evening News)

WASHINGTON, Jan. 23.—Reports that a peace treaty compromise is about to be reached in the bipartisan conference now going on in the office of Senator Lodge, aroused the Johnson-Borah group in the Senate to a high pitch of indignation today. They started gathering all possible information concerning the conference, which is secret. They said they had notified Lodge that if he "betrayed" them by agreeing to compromise, they will refuse to recognize him longer as the party leader and will carry the fight against him into the primaries and the Republican national convention and "will fight him all the way."

"HOOVER FOR PRESIDENT"

CANDIDATE REFUSES TO BE INTERVIEWED; CALIFORNIA FRIENDS TRY TO SOUND PUBLIC

(Special Service to Glendale Evening News)

NEW YORK, Jan. 23.—Herbert Hoover returned here today from Washington but refused to be interviewed or to make a statement regarding the "Hoover for President" movement.

SAN FRANCISCO, Jan. 23.—Twenty-seven prominent Californians from all parts of the state today sent letters broadcast asking for an expression of sentiment on Hoover for president. The letters said the signers believe Hoover to be the right man for the office but they wanted to get the views of others.

Ralph P. Merritt, former State Food Administrator, made the letter public.

REFUSAL TO SURRENDER KAISER

DUTCH DECLINE TO GRANT DEMAND OF ALLIES AND DIPLOMATS INDORSE ACTION

(Special Service to Glendale Evening News)

THE HAGUE, Jan. 23.—It is understood that the Dutch reply to the allied note demanding the surrender of the Kaiser, is now in Paris and that it is an unqualified refusal to grant the demand. The press and public have unanimously taken it for granted that the kaiser will not be surrendered.

Foreign diplomats unofficially say they hope the demand will be refused declaring that if the kaiser is surrendered it will only serve to make the allies the laughing stock of the world.

A communication was read from Glendale Post No. 127, American Legion, thanking the Trustees for remitting light and water bills against the organization and deciding to turn over to the custody of the post Glendale's service flag. The communication further stated that on Thursday evening, February 5th, the Post expects to entertain members of the Burbank Post, and requesting that on this occasion the president of the Board of Trustees be present to make the presentation of the service flag. On motion of Trustee Henry, referred to the City Manager.

Demand was presented, referred to the Finance Committee and reported back approved. On motion of Trustee Shaw, warrants were ordered to be issued in payment of the same.

The City Engineer presented a map of Tract No. 3610 for approval by the Board, accompanied by a request in the form of a petition signed by Ida K. Cellaway, requesting the Board to cause the necessary proceedings to be taken for the opening and widening of a sixty (60) foot street extending thirty feet on either side of the west line of Lot 5, Riverdale Heights Tract. On motion of Trustee Shaw, the City Engineer and the City Attorney were instructed to prepare an ordinance of intention to open the said street.

The City Manager reported on the bids referred to him at the previous regular meeting, for well casing, recommending the acceptance of the bid of the Western Pipe and Steel Casting Company. On motion of Trustee Shaw, the recommendation of the City Manager was adopted, and the bid of the Western Pipe and Steel Casting Company accepted; payment to be made from the bond fund.

The City Manager presented specifications for the sinking of a well (Continued on Page 5)

EX-SERVICE MEN

COMING EVENTS FORECASTED AT MEETING OF GLENDALE POST, AMERICAN LEGION

The meeting of the Glendale Post of the American Legion, held at the post headquarters Thursday evening, was very well attended and considerable business was considered.

Joe Griffin presented an outline of the coming vaudeville entertainment, of which he has charge, to be given under the auspices of the post in the near future, and told the members it will be an all-star cast and include several young movie stars. It was explained that this performance will be a benefit for the post, the funds to be used in providing furnishings for the club rooms, also that it will be given but once.

W. B. Kelly, chairman of the social committee, reported concerning the dance to be given by the post the last of the month at Masonic Temple, and promised another very successful social evening.

Post officers had instructed to address a letter to the Board of City Trustees expressing the thanks of the organization for the remission of light and water bills, also thanking them for making the post the custodian of the city's service flag. The officers reported that the letter had been written and the president of the Board of Trustees had been invited to be present at the next meeting of the post to present the flag at which time members of the Burbank Post will also be entertained.

ANNIVERSARY DINNER

MR. AND MRS. G. K. BARNEs PLEASANTLY CELEBRATE THEIR WEDDING DAY

One of the most delightful social affairs that has been enjoyed by the participants in some time, took place Thursday evening at 1311 North Brand Boulevard at the home of Mr. and Mrs. G. K. Barnes, who celebrated their wedding anniversary with a dinner party. In honor of the occasion the Barnes home was beautifully decorated with flowers from the garden of host and hostess. Covers were laid for Mr. and Mrs. Geo. P. Bent, Mr. and Mrs. J. F. Salyer, Mr. and Mrs. E. E. Searles (all of Los Angeles), E. K. Barnes, son of the host; his wife and his children, Mansford and Harriet Barnes, and Sergeant Don Purdy, brother of Mrs. E. K. Barnes, who is here as a visitor following his return from France. The guests proved to be all live wires, and it was a very jolly party both at the feast and during the evening of music and social chat which followed. Mr. Bent is a retired piano manufacturer from Chicago, who has recently purchased a beautiful home on Gramercy Place in Los Angeles which he intends to make his permanent residence. Mr. Salyer is president and Mr. Searles vice president of the Bartlett Music Company of Los Angeles.

E. W. LYON GREETED MANY KANSANS

E. W. Lyon of 214 North Louise, who was born and raised in the town of Lyons, Kas., says that nearly all of his old neighbors are coming to California. Two families from there, those of W. H. Hopkins and Miles Rickard, are spending the winter in Glendale, and nine or ten other families he is well acquainted with are wintering in this vicinity. Mr. Lyon expects to attend the Kansas picnic at Long Beach next Thursday and counts on greeting all of these old neighbors, most of whom he expects will become permanent residents of Southern California, with Glendale as their first choice as a location.

WALLACE FOR SENATOR

A. J. WALLACE WILL BE A CANDIDATE FOR REPUBLICAN NOMINATION FOR UNITED STATES SENATOR

Mr. Wallace is one of the best known citizens of California. His public life included three years' service in the City Council of Los Angeles, during which time he was chairman of the Finance Committee, and as such rendered valuable service in a period of emergency; and a four years' term as Lieutenant-Governor of California. In the absence of Governor Hiram W. Johnson from the State of California, he was for several months acting governor. Mr. Wallace has been a resident of California for over thirty years. His home is in the City of Los Angeles.

BACK FROM NORTH

F. E. GILMAN MAKES SATISFACTORY BUSINESS TRIP TO SAN FRANCISCO

F. E. Gilman of 320 Vine Street, proprietor of the Art and Stationery Store at 119 South Brand Boulevard, arrived at home last night from a short business trip by auto to San Francisco. With him was his mother, Mrs. Anna Pinnegar, of San Jose, who will make a long visit with him and his family.

Mr. Gilman went and returned by the Coast Route, taking nearly three days for the up trip and two days coming back. Short stops were made in Santa Barbara, Watsonville and San Jose to visit relatives. On the return trip he and his mother stopped all night in Santa Maria. Rain fell almost constantly after they left that place yesterday morning. He says the whole country between here and the Bay City is needing heavy rains, as it is parched and dry.

He had no auto trouble of any kind, either going or coming, but says there were some unpleasant features, nevertheless. While the highways through the country district are generally in fine condition, those through many cities are very bad. San Luis Obispo and San Jose are especially noticeable in this respect.

Another criticism voiced by Mr. Gilman was on the condition of detours where paving work was going on. These were full of chuck holes, racking his machine badly. He thinks contractors of paving should be required to keep teams with drags at such places so that each day these detours could be dragged and thus kept smooth. The business that called him to take the trip was satisfactorily consummated.

L. E. MAXWELL BUYS ACREAGE

L. E. Maxwell, who motored through from Topeka, Kas., to Glendale a few weeks ago, accompanied by his son, Paul, and daughter, Maud, has bought the Crabtree three acres on West Doran, near San Fernando Road. He has leased the five acres adjoining, belonging to Mr. Danner, and will engage in light ranching and fruit culture.

CHAPTER A. H.

Members of Chapter A. H. of the P. E. O. met at the home of Mrs. Joseph Webster on West Park Avenue Tuesday for their regular midday luncheon, Mrs. William C. Watlies and Miss Lila Webster assisting as hostesses.

Mrs. Wood and Mrs. Fisher from Burbank and Mrs. A. F. Webster from Vermont, Ill., were the special guests of the day.

As the bundle of supplies that was donated to the Maternity Cottage in Los Angeles about a month ago was so acceptable the chapter decided to make another donation in the form of an Easter surprise of just baby clothes and toys.

A program which was much enjoyed was given by Mrs. Charles Turck, Mrs. Noble Ripley and Miss Dorothy Hobbs.

COMMUNITY SING

CHORUS MEMBERS RECEIVE NEW SONG SHEET PREPARED BY GOVERNMENT

In spite of unpleasant weather about seventy-five singers came out to enjoy the Community Sing Thursday evening. The director had the song sheets prepared by the government for community choruses and they were distributed. To the surprise of the singers it was discovered that the majority of the "new songs" they have already practiced and are familiar with. After drill upon some of these, the chorus reviewed some of the songs it learned during the war, such as "Good Morning Mr. Zip, Zip, Zip," "Howdy Do," and "Here We Are Again," discovering to its own surprise and the surprise of the director that it had not forgotten either words or music. The rehearsal developed lots of enthusiasm and pep.

Mr. Kirckoffer who had invited the chorus to attend the Tuesday evening meeting of the Hollywood chorus and hear Carrie Jacobs Bond give some of her new songs, reported that she had been called to San Francisco and so disappointed an audience of fifteen hundred people, but said she would be present next time or forfeit \$500, so the invitation to Glendale singers was renewed.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 8th day of January, 1920, did at its meeting on said day adopt a Resolution of Intention No. 1085, to order the following improvement to be made on a portion of that certain alley in Tract No. 618:

Section 1. That the public interest and convenience require, and it is the intention of the Board of Trustees of the City of Glendale to close up, vacate, and abandon for street and alley purposes, all that certain portion of that fifteen (15) foot alley in Tract No. 618 as per map recorded in Book 17, Page 108 of Maps, Records of Los Angeles County, California, more particularly described as follows:

All of that portion of that certain alley in said Tract No. 618 lying southerly of a line drawn from the northwest corner of Lot 17, of said Tract No. 618, to the northeast corner of Lot 26 of said Tract.

The district to be assessed to pay the damages, costs and expenses for the described improvement is described in and reference is hereby made to Resolution No. 1085 for further particulars of said work.

BOULEVARD SYSTEM

(Continued from Page 1) two blocks north of and parallel to the San Fernando Road. This, as Monterey Road for its entire length would be worthy of its name, and would connect all the north and south streets between Verdugo Road and Brand and form a secure levee for the south side of the Wash, which could be bordered with trees and made very beautiful. West of Brand, Central and Pacific Avenues would deflect some of the traffic southward, and Monterey Road would become the main artery of travel for the large and growing middle northwest section. An extension of Patterson Avenue westward from its present terminus to join the San Fernando Road at Grandview Avenue could be very easily provided for, inasmuch as all the territory to be traversed thereby is acreage. This would be an additional entrance to the business center from San Fernando Road at a very advantageous point, inasmuch as the latter makes an abrupt double curve there and this extension would be practically a continuation of San Fernando Road on straight lines at that point.

The proposed west Broadway extension, to provide a direct entrance to the business district from the west, has already been set forth in the Evening News. The east entrance is already well provided for by Broadway, which was last year widened to the uniform width of 80 feet and paved with concrete to the city limits.

Colorado Street already provides an entrance from the east, being an extension of a street of the same name which passes through Pasadena and Eagle Rock. Crossing as it does Verdugo Road, Adams St., Glendale Avenue, Brand Blvd., and Central Avenue, and ending at San Fernando Road, it affords many north and south connections.

Verdugo Canyon Road and Glendale Avenue furnish ample gateway facilities on the north and they will care for the traffic from that direction for years to come.

The extension of Sycamore Canyon Road from its crossing of Verdugo Road down to a point about half way between Acacia Avenue and Windsor Road is touched upon in the report and a further extension along the foot of the Erskine hills, southwesterly, to Cypress Avenue is advocated. This Sycamore Canyon Road extension not only provides a secure outlet for the storm waters of the canyon, but also a wide boulevard for motor traffic as well as a right-of-way for the proposed P. E. loop.

The southern part of the city is provided with three gateways, two of which carry a large volume of traffic. The San Fernando Road comes in from the southeast, Los Feliz Road from the southwest and Brand Boulevard from the south. When this last is concrete paved from the S. P. tracks south to the Ivanhoe bridge and thence on over the hills to Lake Shore Drive, it will form the most direct route between the business centers of Glendale and Los Angeles. The widening of Los Feliz Road to 80 feet from San Fernando Road to Brand Boulevard is advocated.

The projects referred to in this report, if carried out, will certainly provide a wonderful system for traffic into the city from all directions and through both business and residence centers. A feature of this system would be a "belt line" for motor traffic, with many scenic features, taking in the San Fernando Road, Monterey Road, Verdugo Road, Sycamore Canyon Road and Brand Boulevard, giving magnificent views of Griffith Park, Verdugo mountains, San Rafael, Sagamore and Erskine Hills, beautiful homes and fertile acreage.

"Say, wait a minute! I'm beginning to feel terribly groggy," said the aviator's guest in the air. "Oh, that's all right, my boy! Just three more loops, a tail-spin, and a spiral swoop, and we're all through!"—La Baionnette.

POOR MERE MEN!

To start learning roller-skating at the age of forty, and at the weight of twenty stone, is rather a daring act, but Mrs. Overweight was trying her luck.

On one occasion of her weird evolutions she landed plump on the floor, and several attendants rushed to her rescue.

For ten minutes they made strenuous efforts to raise her prodigious weight, but were quite unsuccessful. "We'll get you up in a minute," ventured one soothingly. "Don't worry."

"I'm not worrying about that," replied Mrs. Overweight. "But it's horrid; your floor is so lumpy!"

"I'm not a lump," came a voice from underneath. "I'm the instructor!"—Answers.

SHE HAD IT

A librarian from the far, far West, where all men and women speak truth, and deception is unknown, relates to us this incident. It is even prefaced by the words, "This is a true story." But we don't care—we shall enjoy it just as much as if it were really invented.

A woman came into our library asking for a book. She said it was called "The Scarlet Ship," but for the life of her she couldn't remember the author. We could find no such book, and we told her so. She went away and thought a while, and then she came back. She guessed it was not "The Scarlet Ship," but it was "The Red Boat." But we couldn't find that, any more than the other. So she went away again, and sat down and pondered. At last she returned to the desk with a glad cry.

"I've got it now! It is 'The Ruby Yacht,' by Omar Khayyam!"—Boston Transcript.

Why Don't You Build?

You want a home of your own. Do you hesitate because you fear you may regret the expenditure of the money later?

Go up and down the streets of Glendale and ask those who have built in the last year or two if they regret putting their money in homes. We will wager you will find them among the most contented and happy people of Glendale.

You may spend money foolishly in any number of ways and later wish you had the money back again, but when you put your money in a home you nearly always get value received although prices are high.

ELIMINATE WASTE

when building by selecting a contractor who knows his business, who knows how to buy, who knows how to handle his men to the best advantage and who does not waste material through ignorance or carelessness.

We are efficient builders but we don't ask you to take our word for that, either. Here again we refer you to others—to those for whom we have built. We are not in the least afraid to leave in their hands our reputation for efficiency and fair dealing.

MISS ELIZABETH BOHANNON ENTERTAINS MEMBERS OF WOMEN'S BIBLE CLASS

Miss Elizabeth Bohannon delightedly entertained the members of the Women's Bible Class of the Baptist Sunday School Thursday afternoon at her beautiful home at 316 North Maryland Avenue. It was an entirely informal affair with refreshments served at the close of the afternoon. For some time this class has been assisting in the support of the Garnett Mission in Los Angeles and while the discussions of plans for the coming year were in progress, the ladies were busy with their needles on the work they are doing for the mission. Those present were Miss Thayer, the teacher of the class; Mesdames Anderson, Bright, Burns, Moore, Goode, Moody, McKeever, Strong, Bundick, Doxsee, Wildman, W. W. McElroy, and her guest, Mrs. McNamee, Mrs. C. W. Kent, Mrs. Ballou, friend of Miss Thayer, Miss Halomon, Miss Cowell, one of the Sunday School teachers. Pastor E. E. Ford and Mrs. Ford.

TRUSTEES MEETING

(Continued from Page 1) on the city's land on San Fernando Road, and on motion of Trustee Henry, the specifications were adopted with the proviso that an addition be made, if deemed advisable, providing for the use of cement.

On motion of Trustee Jackson, the City Clerk was instructed to advertise for bids for drilling and perforating a sixteen-inch well, to be opened February 13, 1920.

The City Attorney reported in regard to the opening and widening of Orange Street, that the interlocutory judgment had been entered, and on motion of Trustee Henry, the City Engineer was instructed to make out and deliver to the Street Superintendent a diagram of the improvement in the matter of the opening and widening of Orange Street, and of the property in the assessment district described in the ordinance of intention, as required by law.

The City Attorney reported in regard to the Grand Avenue annexation suit, that the matter had been brought from the Supreme Court to the United States District Court of Appeals; that he had taken the matter up with the judge of Court No. 2, and that the case would be submitted on March 1, 1920.

The City Attorney stated that he had received a letter from Judge Thompson of New York City, to the effect that he would approve the proceedings in the matter of the Bond issue for \$260,000.

The City Attorney stated that he had seen Commissioner Brandage of the State Railroad Commission, who had stated to him that the Commission is swamped with work and he does not see how it is possible for it to get to a consideration of the telephone matter for two months yet.

Trustee Woodberry, for the Committee on Public Works, presented a report covering the removal of certain eucalyptus trees, and providing a policy to be pursued by the Trustees in reference to the same, and on motion of Trustee Henry, the report of the committee was adopted and accepted as a rule of action.

Trustee Shaw presented an ordinance regulating street work by private contract, which was read and ordered to be laid over until the next regular meeting. He also presented an ordinance regulating the making and refilling of excavations in public streets, in regard to which similar action was taken.

The City Manager reported the employment of Carl Blix, as volunteer fireman; Guy Wilson, as patrolman; T. B. Johnson, as patrolman, and on motion of Trustee Henry, the same were confirmed.

On motion of Trustee Henry, the chairman of the Board was granted leave of absence for three weeks.

Mr. and Mrs. Merritt E. Brown of 323 West Broadway entertained with a small dinner party Monday evening, at which covers were laid for Misses Harriet Barnes and Mary Logan, Messrs. Russell Tummel and Marshal Pearson and the host and hostess. Thursday evening Mrs. Brown's cousin, Almond Cockrell, was her dinner guest. He and the members of his family have just moved from Kansas to Redlands, California.

"Well, what have you done about it?" "Done?" returned J. Fuller Gloom. "Why, I haven't done anything about it, of course. I have been too busy writing pieces to the papers demanding that something be done."—Judge.

A Scotch preacher one Sunday found his congregation going to sleep before he had fairly begun. On seeing this he stopped and exclaimed: "Brethren, it's no fair. SCOUT PARTY

MR. AND MRS. BENJAMIN ROBISON CELEBRATE SON'S EIGHTEENTH BIRTHDAY

Boy Scouts of Troop No. 2 were entertained Thursday evening at a jolly party given by Mr. and Mrs. Benjamin Robison at their home at 407 North Louise Street in celebration of the eighteenth birthday of their son, Star Scout Benjamin Robison, Jr. He has been Senior Scout Leader of Troop No. 2 for nearly a year and will now resign this office to become Assistant Scoutmaster of the troop.

Among the many games played during the evening by the Scouts by way of diversion was a flag contest, in which small silk flags of eighteen different nations were used. The winners were Scouts C. S. Farrow and Stillman Chase.

After the games ice cream and cake were served, each dish of cream being decorated with a small American flag.

It was not discovered until the Scouts were leaving that it was Scout Robison's birthday. Those present were: Walter Howland, a cousin of the host and hostess; Scout Master, Dr. Farwell. Scouts Henry Blanchard, Willard Roberts, C. G. Farrow, Robert Frazer, Robert Hatch, Leslie Hatch, Thomas Wood, Douglas White, Dallas Kalbaugh, Arlin McCormack, John Faries, Clifford Walcott, Burton Kuntzner, Willys Bement, Stillman Chase, Jack Alvord.

THE RAILROAD SITUATION

Mrs. W. A. Echols and daughter, Della, of 115 West Elk Avenue, have recently returned from a visit in Salt Lake City, their old home, where Miss Della was summoned to testify for the U. S. Railroad Administration in a lawsuit. Miss Della works in the treasury department of the Salt Lake Railway in Los Angeles and her father is manager of the telegraph office. They and the other employees are utterly at sea as to when the railroads are to be handed back to their owners. They thought it would be December 1 and now the date is given out as March 1, but no orders have come to get ready for the change.

Frank West, nephew of Mrs. John A. Logan, Mrs. John Hobbs and Mrs. Andrew Stephenson, pleasantly surprised them by appearing unheralded a short time ago and is now a guest in the Logan home. He and his brother own and operate a livestock farm near Mount Vernon, Va., and this is his first visit to California.

CHECK DAMS INTACT**CHARGES FALL TO THE GROUND IN HEARING BEFORE COUNTY SUPERVISORS**

As reported some ago in the Evening News, Mr. Daley, in charge of County Flood Control work in this district, in company with representatives from the Los Angeles Flood Control office and officials from this city visited the canyon back of San Fernando to inspect the check dams which according to the charges of one Mr. Hartranft "had gone out in a fog." They found the dams exactly as they had expected to find them—intact but filled with ashes and other debris which had washed down during a recent cloudburst in that canyon that had so filled the dams that the water washed over them and onto the Stewart ranch, but without causing damage.

The official hearing before the Board of Supervisors in Los Angeles was held Wednesday afternoon and at that time Mr. Hartranft of Little Landers and those associated with him—who were accused of seeking an excuse for a suit against the County Flood Control,—were unable to bring forth any evidence in support of their contentions and were made to admit that they had not even visited the canyon since the check dams were alleged to have gone out. They had based their charges on hearsay evidence, the statements of others.

Speaking of the criticism to which engineers engaged in work of this kind are constantly exposed from laymen who have no technical knowledge but who have a good many personal "notions" of how it should be done, Mr. Daley said:

"When the flood control work is completed I am confident it will be found very satisfactory and that it will lay the foundation for future work along the same line and be a sufficient answer to critics. Engineers are not risking their reputations on something that is not going to hold simply for the sake of

drawing their salaries. You can depend upon it, in case we get any heavy water we are prepared to take care of it."

Relative to the work here, Mr. Daley stated that the excavation work for the county bridge on the west side of Brand Boulevard is about completed and construction will soon begin. It will probably be the end of February before that bridge will be ready for traffic.

The pile driver which was to drive the piles between Brand and Central where the P. E. trestles were removed, was permitted to go off to another job for a few days, and on the way home while going under some wires in Los Angeles it fell over and had to be laid up for repairs, but it will be here tomorrow or next day and when it gets to work again will make short work of the driving. Steel piles are now being driven between Pacific and San Fernando Road and at the rate the work is going forward Mr. Daley and his men will soon be outside the city.

It only takes a few minutes to find in others the faults we can't discover in ourselves in a lifetime.—Boston Transcript.
